

November 12, 2013

Brandon Coyne  
HR Head – CZT CO.  
Long Island NY 11706  
USA

To whom it may concern:

It is with great pleasure to write this letter of recommendation for Mr. Thomas Perci. He worked for CZT CO. for three consecutive years as a Programmer Analyst.

He started working here on October 15, 2009 until October 30, 2013. During this time, he has been able to show his abilities in this company. Mr. Thomas Perci has always been capable to analyze and develop computer systems. I can truly say that he has a natural talent for finding existing problems and giving them a practical solution. He's was always anticipating future problems and avoiding them with very efficient methods.

Furthermore, I can add that his perseverance is what made him grow inside our company; he always managed to finish all the projects he started, even the most difficult ones, he did this by using multiple techniques, programming languages, and different web technologies, staying always abreast of new technology trends.

It delights me to recommend Mr. Thomas Perci and I can guarantee that he is a responsible and hardworking professional that will be able to achieve all the objectives that are presented to him in his future jobs.

Sincerely,

(Signature)
